

# The Words Unspoken

## Andromeda

There's a million things I'd like to say  
But you turn your back, refuse to hear  
So, I keep it inside and watch you walk away  
But, the vision and the words, will not disappear  
So, what is it that you fear, as you turn your face?  
There is more in this world, than meets the eye;  
Reality is what we choose to see and believe  
There's a million things you'd like to tell  
But, I think I've heard it all before  
And I know I'm wrong, I know it so well  
Never will I listen to you, nevermore  
There's a million things I'd like to say  
But you turn your back, refuse to hear  
So, I keep it inside and watch you walk away  
But, the vision and the words, will not disappear  
The feelings we've kept inside,  
and the tears we've denied  
Always remember it's bitter taste  
Remember it's token; remember the words
