

Tall Trees (Acoustic)

Matt Mays & El Torpedo

You're on a leek, Gonna sing you a song
Two hundred years in the ground
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwwn
It's in the way that they sway
It's the feeling I git
They just don't want me around
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwwn
Who's gonna love you when I'm gone?
Sittin' leaves to the wind
I'll give her to you in a while
And find... Somebody new in the Spring
When the sun melts snow
And the water runs down
A little lol river flow
And I laid with your tissy
In the grass tonight
And watch him, gro... gro... GROW OH OH OH
Sleep in the weight thing... smilin' bin
Gimme a ride downtown
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwwn
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwwn
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwwn
They're starin' me doooowwwwwn
They're starin' me DOOOOOOWWWWWWN
(Amazing guitar solo)
OW OH OH UH OH OH (Repeat)
