

PSI Power

Hawkwind

When I was a kid in school
They showed me symbols on a card
Then they sent them from a locked and bolted room
I had to fake that it was hard
Circle, square, triangle, waves
I got crystal clear by the hour
And I said "may I please take a rest?"
I didn't want them to know I was possessed with
PSI power PSI power
PSI power PSI power
PSI power PSI power
I can read your mind like a magazine
I see where you're at
I know what you mean
I get all the secrets that you'd rather keep
When I was a teenage kid
And I hung around the streets
I could see inside the mind of any girl
That I wanted to meet
Circle, square, triangle, waves
They are open to me like a flower
How would you like to have your mind caressed
Can't you feel that I'd possessed with
PSI power PSI power
PSI power PSI power
PSI power PSI power
PSI power
PSI power
PSI power
I can read your mind like a magazine
I see where you're at
I know what you mean
I get all the secrets you'd rather keep
It's like a radio you can't switch off
There's no way to get peace of mind
I would like to live in a lead-lined room
And leave all this PSI Power behind
Circle, square, triangle, waves
It's a gift that soon turned sour

Why don't they let me get rest
Too much to understand
 Too much to digest
 PSI power PSI power
 PSI power PSI power
 PSI power PSI power
I can read your mind like a magazine
 I see where you're at
 I know what you mean
I get all the secrets you'd rather keep
