

# Back Where We Began

## Llama

In the lights of the blues exchange  
In the clutches of the groove  
How many times must these lights change?  
Before I make my move  
From across an empty street, I  
Saw you on the corner waiting  
For the moment we would meet  
And the questions it would bring  
Now you come to me  
Tell me you've been thinking  
And we're back where we began  
Was it not enough?  
That I loved you  
And we're back where we began  
In your mind is a perfect world  
In your eyes it's crumbling  
Now in my arms is this lovely girl  
And my heart is trembling between the beats  
Now you come to me  
Tell me you've been thinking  
And we're back where we began  
Was it not enough?  
That I loved you  
And we're back where we began  
Now you come to me  
Tell me you've been thinking  
Woman, that we're back where we began  
Was it not enough?  
That I loved you  
And we're back where we began  
Now you come to me  
Tell me you've been thinking  
And we're back where we began  
Was it not enough?  
That I loved you  
We're back where we began
