Agitated

Devo

I grew up in a typical way
So, I keep trying to unwindBut I'm agitated, agitated
In this place, so full of hateI keep trying to unwind
You might think it's pretty obvious
So, tell me what I sayHey, I was born in the typical way
So, I keep trying to go back'Cause I'm agitated, agitated
In this life, so full of painI keep trying to go back
You might think it's pretty infantile
So, tell me what I know, heyDay and night, forever trading places
Good and evil sleeping side by side
In this world full of plenty of stuff
You'd think there'd be enough love to go aroundHey, I was picked in a random way
To be a singing, dancing foolAnd I'm agitated, agitated
In this place going less than greatI'm just a singing, dancing fool
If you don't like what I keep talking about
Then tell me what I say, heyI'm agitated if you think you got it all worked out
Then tell me what I know ho, I'm agitatedWell, tell me what I say do the mashed potatoes
Well, tell me what I say, I'm feeling amputated
Educated, I'm agitated
