# Color Green

## Jonathan Butler

Deep is the love
Love that is deep within the sea
Lifting me high
High as the eagle in the skySoaring above the cloud
Where I can find the sea
Closer to you, I feel
Your love surrounding meLike the color green
You're in every stream
You're in everything
Even in my dreamsYou're my color green
You're my favorite thing
Like the song I sing
What a precious thingGreat is your love
Touching the deepest part of me
You open my heart
Revealing to me the mysteryYou never grow old to me
With you each day is new
For all that you've done for me
I give my life to you, youLike the color green
You're in every stream
You're in everything
Even in my dreamsYou're my color green
You're my favorite thing
Like the song I sing
What a precious thingLike the color green
You're in every stream
You're in everything
Even in my dreamsYou're my color green
My favorite thing
Like a song I sing
What a precious thingYou're my color green
You're in every stream
What a precious thing
Like the color green, yesYou're in everythingLike the color green
You're in every stream
You're in everything
Even in my dreamsLike the color green
You're my favorite thing
Like the song I sing

You're in everything
What a precious thingYou're my color green
You're my, you're my everything
You're in every stream
What a precious thing
