

Take Away

Lee Van Dowski

Is this what you wanted?
You got what you needed, all that's mine
 Take it or leave it
 (Take it or leave it)
Everything's even, but what's left of my life?
 Everything's wrong I know
 I can see it in your eyes again
Taking control of my soul and my life
 'Cause you take away
 You take away
 What more can you take?
It feels like I've been here before
 All that you do
 Seems to abuse
 You won't cut me anymore
 I'm bruised and I'm bleeding
 (I'm bruised and I'm bleeding)
It's kept me from seeing all your lies
 You kill all that you touch
 (Kill all that you touch)
But this time it's too much, it all comes around
 Everything's wrong I know
 I can see it in your eyes again
Taking control of my soul and my life
 'Cause you take away
 You take away
 What more can you take?
It feels like I've been here before

 All that you do
 Seems to abuse
 You won't cut me anymore
 Take away
 You want it
 All from me
 You wanted it all
 'Cause you take away
 You take away
 What more can you take?

It feels like I've been here before
All that you do
Seems to abuse
You won't cut me anymore
'Cause you take away
(You take away)
You take away
(You take away)
It feels like I've been here before
All that you do
Seems to abuse
You won't cut me anymore
Take away
You want it
All from me
You wanted it all
