It's Crazy

Natalie Cole

I jump up at dawn, shake out the sun
Laugh like a loon, everything is fun
It's crazy, but I'm in love
I act like a fool, what do I care?
I'll be a fool as long as you're there
It's crazy, but I'm in love
I spread my wings and then I fly
All around the city
The world's my sweet potato pie
And I'm sittin' mighty pretty
I sleep by the stars, chase that old moon

Fall into bed hummin' a tune
It's crazy, but I'm in love
Well, I spread my wings and then I fly
All around the city
The world's my sweet potato pie
And I'm sittin' mighty pretty
An' I sleep by the stars, chase that old moon
Fall into bed just hummin' a tune
It's crazy, oh but I'm in love, love, love, love
It's crazy, what can I do? It's crazy
It ain't nothin' new, it's crazy, but I'm in love
