

Feel It Too

Oscar

Oh, you know
How slow time goes
You know
And it just goes to show
How much we've grownAnd isn't it so, isn't it so
That you've left me alone
Isn't it so, isn't it so
That you've left me aloneI know, that you still feel it too
Feel it too, like I do
I know, that you still feel it too
Feel it too, like I do[instrumental]Wait your turn
Cause every lesson's learned
And everyone gets burned
So now you knowAnd isn't it so, isn't it so
That you've left me alone
Taking the chance, taking the call
But you've left me aloneI know, that you still feel it too
Feel it too, like I do
I know, that you still feel it too
Feel it too, like I do//
