Dance Clarence Dance

Marble Sounds

We can't control the situation
It takes it stole what life involved
And I prefer long expectations over falls hope
You aren't sure till desperation
since you got all you're trained to thought
Why we can't choose our destination
Destinies are known.Now you should do, what you do and do
Call the final light, it takes a little more
And when you dance clarence do your dance
And if at night, it doesn't take much more
Don't change your mind when under pressure
Don't take advice bout what to do
whatever may break down your barriers
keep it close to you.I need your name to be a.
Now take them soul and keep it true
Now clear your head and.
Everything is gold.Now you should do, what you do and do
Call the final light, it takes a little more
And when you dance clarence do your dance
And if at night, it doesn't take much more.I can't be.
You said that you in every song.
But now I'm true, it's .true.
Now you should do, what you do to do
Call the final light, it takes a little more
And when you dance clarence do your dance
And if at night, it doesn't take much more
