

Fables

Cris Cab

Sleeping in on Saturdays...
Can't get off the couch, yeah!
Bonk sits on the table still.
From last night's run around.(Chorus)
Said it's all in the fables.
Are we supposed to go down.
You may feel unstable.
But you're still on the ground.(Ooooooh, ooooooh)Marvin gets my matinee.
When I order something in.
New high-score on this videogame.
Another beer and I'll be king.(Chorus)
Said it's all in the fables.
Are we supposed to go down.
You may feel unstable.
But you're still on the ground.(Ooooooh, ooooooh)What's the story 'bout, if it ain't worth living?
Some time to chill out, it's your decision.
Not to stress about, this life you're given.
It's whatever makes you happy now.
It's whatever makes you happy now.What's the story 'bout, if it ain't worth living?
Some time to chill out, it's your decision.
Not to stress about, this life you're given.
It's whatever makes you happy now.
It's whatever makes you happy now.(It's whatever makes you happy now...)(It's whatever makes you happy
now...)(It's whatever makes you happy now...)(It's whatever makes you happy now...)
