

Fractured

Katatonia

Knew I would fall if I tried
So I held back for a while
You pushed me so hard, I had to go
I tried to be strong, then I failedI would like to say this
Just in case you didn't knowWell your soul is fractured
I know what it's like as well
Yeah, I have sold my soul
Traded it for hollow goldWell your soul is fractured
I know what it's like as well
Yeah, I have sold my soul
Traded it for hollow goldYou pushed me so hard, I had to go
I tried to be strong then I failedI would like to say this
Just in case you didn't knowWell your soul is fractured
I know what it's like as well
Yeah, I have sold my soul
Traded it for hollow goldWell your soul is fractured
I know what it's like as well
Yeah, I have sold my soul
Traded it for hollow gold
