

Rules

Hoops

I don't understand
Where the hell you're coming from
But I guess that I'll try
To figure something out I know I'm breaking all the rules this time, Ohh
I know I'm breaking all the rules this time, Ohh Don't wait, act now
Do you want to have been running around?
And I guess that I'll try
Come on over and we'll sort something out
I know I'm breaking all the rules this time, Ohh
I know I'm breaking all the rules this time, Ohh
