

OCS

This happened once before  
 Someone just like you  
 I let my guard down and got devastated  
 If you listen close, you might hear that sound  
 I'm not sure but,  
 I think it's my heart breaking

(Chorus)

Someday, you will see  
 I love the way you love me  
 In me, there's nothing good but you, yeah  
 And when this ends, we'll feel so overrated  
 Outdated, and never ashamed  
 You know I'll try to change  
 I didn't mean to lie  
 But everything I am has fallen around me  
 I feel short of breath  
 You got so deep inside  
 And I can't forget the first time I made you cry

(Chorus)

Someday, you will see  
 I love the way you love me  
 In me, there's nothing good but you, yeah

And when this ends, we'll feel so overrated  
 Outdated, and never ashamed  
 Black and white will fade to gray  
 I'm nothing like you  
 Lost all I have in just one day  
 Tell me this is not real  
 Consider yourself my very one desire  
 Consider yourself my slave  
 Consider yourself at my fingertips  
 Consider yourself my slave  
 I think you're beautiful

(Chorus)

Someday, you will see  
 I love the way you love me  
 In me, there's nothing good but you, yeah  
 And when this ends, we'll feel so overrated

Outdated, and never ashamed  
Someday, you will see  
I love the way you love me  
In me, there's nothing good but you, yeah  
And when this ends, we'll feel so overrated  
Outdated, and never ashamed
