Big Blue Wave (Acoustic Version)

Hey Ocean!

All we do is mess around
But I know that it's love we found
And I know that it's here to stay
It's more than just a word we say
No I don't wanna fuss or fight
And I'm not one to give advice
But there no need to be afraid
Baby there's no time to wasteSing until you have no voice
Sing because you have no choice
Sing until you float away
Our love is like a big blue waveIt's like a big blue waveDon't tell me that we've come this far
To start again or fall apart
Sing it when you're lost at sea,
And love will bring you back to me.Sing until you have no voice
Sing because you have no choice
Sing until you float away
Our love is like a big blue waveSing until you have no voice
Sing because you have no choice
Sing until you float away
Sing until your home again!Sing until you have no voice
Sing because you have no choice
Sing until you float away
Our love is like a big blue waveIt's like a big blue wave
