

Jessica

David LeMair

Jessica, you know that I love you, and I always will.
Jessica , you know that I love you, and I always willllllllllllllll

Yeaaaaaaaah

La la la la la la la

When you were born
The sky was so blue,
The angels smiled on you.
Follow your heart, always be true,
And life's light will shine on you.

Chorus

You got me wrapped around your little finger
There's nothing that I wouldn't do for you
You got me wrapped around your little finger
You know that you do

And in the night
Behind the shadows
Don't you be afraid
Cause I
I'll be there
Cause I love you
Yes I doooo
yeaaaaah
lalala

You got me wrapped around your little finger
There's nothing that I wouldn't do for you
You got me wrapped around your little finger
You know that you do
I'm livin' just for you
La la la la la la la

Jessica, you know that I love you...
