To Fall In Love

[Ian Van Dahl](#)

Hearts can be broken Love turns into pain Eyes can be blinded Love fades away
Why don't you see Why don't you see
Hearts can be broken Love turns into pain So can you give me A reason to fall in love
Words can make you cry When they say goodbye Why don't you see So can you give me A reason to fall in
love

To fall in love
Maybe it's time to fall in love again Something about the way you look tonight Maybe it's time that I take my
chances And open up my heart inside
Maybe it's time to fall in love again Something about the way you look tonight Maybe it's time that I take my
chances And open up inside
To fall in love A reason to fall in love
