

# Into the Wild (The Wild EP)

Lewis Watson

Take my hand and let go  
I just want you to know  
You're the only one that pulls me in  
You changed everything Like one small shaft of light  
Flooding into my eyes  
I will never see things just the same  
But I'm not afraid And all I have doesn't seem so significant  
And at the drop of a hat,  
I could leave almost everything that I've ever known  
So here we go Step out into the wild  
There's a beautiful storm in your eyes  
We're perfectly intertwined  
And if it's quite alright, you could be my way of life Sea salt sits on your lips  
Birds fall earthwards from cliffs  
Thought I couldn't do this  
But I'm fine 'cause you're by my side And all I have, it doesn't seem so significant  
And at the drop of a hat,  
My whole world's getting different  
So here we go, off the road Step out into the wild  
There's a beautiful storm in your eyes  
We're perfectly intertwined  
And if it's quite alright, maybe it's time to Step out into the wild  
There's a beautiful storm in your eyes  
We're perfectly intertwined  
And if it's quite alright, you could be my way of life And we take another step into the truly unknown  
Don't know why but it's somewhere that we have to go  
And it's dangerously wonderful  
So come on, come on, come on, come on Step out into the wild  
There's a beautiful storm in your eyes  
We're perfectly intertwined  
And if it's quite alright, you could be my way of life
