All Right

Handsome Devil

She buys me drugs,
cigarettes, and alcohol,
I think that's pretty cool,
and that's all right with me,
and later on at night,
she wraps me up so tight,
I think that's pretty cool,
and that's all right with me,
Hey Hey, She's All Right
Hey Hey, We're All Right (All Right)
She ties me up,
She fits me like a glove,
I think that's pretty cool,
and that's all right with me,
and when the moon gets full,

she works a miracle,
I think that's pretty cool,
and that's all right with me,
Hey Hey, She's All Right
Hey Hey, We're All Right (We're All Right)
Hey Hey, She buys me drugs,
Hey Hey, I think that's pretty cool,
Hey Hey, She's All Right
Hey Hey, We're All Right (All Right)
