

Hollywood (feat. Safe)

Nessly

[Verse 1: Nessly]

Yeah yeah yeah

Don't touch me, don't touch me

I want this forever

Sorry baby I've been through with this

You don't know what I've been through for this

I know it may seem all ludicrous

Usually don't get my movements

You say it seems like a mood swing

You love me but I know you never adjust

I really wanted that Mulsanne

And you said I wanted too much[Hook: Nessly & SAFE]

So love me forever or never love me at all

We make plans to LA, you say you changed it all

At this point i gave it all, I could

Once I'm on that flight I'm gone for good

Don't you tell me I went too Hollywood

Don't you tell me I went too Hollywood

Hey, Hollywood[Verse 2: SAFE]

I could never go to route

Get them bands and then I'm out

Don't love me, dont love me, if it ain't forever

Don't touch me, don't touch me

I know you want this forever, well I

Baby you know I'm ? right here

When I'm touching your body and its so wet

Does it even make sense when you make sense

Now I see you ride around with your new friends

Question on questions, I need to

How could I ever believe you

Lying and lying no need to

Everything you say, I see through

Cause you see to[Hook: Nessly & SAFE]

So love me forever or never love me at all

We make plans to LA, you say you changed it all

At this point i gave it all, I could

Once I'm on that flight I'm gone for good

Don't you tell me I went too Hollywood

Don't you tell me I went too Hollywood

Hey, Hollywood
