Shoulder

The School

I try to ignore you and not to adore you
And shout from the skies that I wanna just hold you
But I feel afraid that you'll think I'm just foolish
And laugh til the tears start to roll down our facesBut will you give me a shoulder to lean on?
And will you give me a shoulder to lean on?
cos I can't keep up my head with just twoI try to convince you she's not that essential
It's just cos you want undivided attention
So I grow impatient to know how you're feeling
I won't be content til you show me you mean itBut will you give me a shoulder to lean on?
And will you give me a shoulder to lean on?
cos I can't keep up my head with just twoI try to ignore you and not to adore you
And shout from the skies that I wanna just hold you
But will you give me a shoulder to lean on?
And will you give me a shoulder to lean on?
cos I can't keep up my head with just two
