

We Don't Get Along

The Go-Go's & Go-Go's

I'm not very serious
You want me to be straight
I'm not out of time
But you think I'm too late
I'm not feeling desperate
You think I can't wait Somehow you always get me wrong
Somehow you always take things wrong
Somehow you always get me wrong
Well I guess we just don't get along You always go to sleep
When I stay up all night
You say I'm wrong
When I'm thinkin' you're alright
I just wanna talk things over
You just wanna fight Somehow you always get me wrong
Somehow you always take things wrong
Somehow you always get me wrong Well I guess we just don't get along
You leave me broken
And you don't realize
Everything is O.
K.
And then you apologize
The things that really matter to me
They just pass you by Somehow you always get me wrong
Somehow you always take things wrong
Somehow you always get me wrong
Well I guess we just don't get along
