Awake

Chase Coy

Here you are in my arms again
I feel the warmth of you on my skin
Catch my breath and then I let it go
I love you more than you will ever knowWatch the world through the window pane
All contained in that tiny frame
Time moves past and I wanna' stay awakeBut the day collapsed on us
So we retreat to our separate rooms and we sing the moon good night
Here we are and the stars are out
Wishing that we could pull them down
Catch them and put them in a jar
'Cause then heaven wouldn't seem quite so far Wish my worries all away I hold you close to keep the cold at bay
Time moves past and I wanna' stay awake
And I don't wanna', I don't wanna' go, ohh No,
I don't wanna', I don't wanna' go I don't wanna',
I don't wanna' go, ohh No, I don't wanna', I don't wanna' goBut the day collapsed on us
So we retreat to our separate states and we leave this place tonight
