Red, White And Bluegrass

As proud as punch and peacocks, you know I am, I am
An All-American girl what knows good music and good times
Red, white and bluegrass, I'm not color blind1st Chorus:Red, white and bluegrass...red, white and blue
These are my true colors and I love my bluegrass, too
America, America, let pride and freedom ring
Red, white and bluegrass, let's all stand up and singWhere else but in America can people live so free
And I'm proud of every soldier that has stood and fought for me
