

# With You (Ameda Classic Freestyle Remix)

[Kimberly Davis](#)

There've been times when I have wondered  
If I'd ever find my way  
Days with so much darkness  
All that I could do was pray  
But now with you beside me  
Here's the way I live each day With You!  
I can be whatever I want  
I can do whatever I need to With you!  
I'll go through all life brings me  
I put all my trust with you I wanna be with you, with you As I handle every burden  
You are with me all the time  
I always have my thoughts of you  
That's how I live my life. But now with you beside me  
Here's the way I live each day With you!  
I can be whatever I want  
I can do whatever I need to  
With you!  
I'll go through all life brings me  
I'll put all my trust with You With you, I will get through  
With you, I will get through With you, I will get through  
With you, I'll get through But now with you beside me  
Here's the way I live each day
