

# Life Must Go On

## Alter Bridge

Sitting alone in the cold of the night  
You're trying to find what you need to survive  
You're so afraid, you can't go on  
Left in the silence that tears at your heart  
It only reminds you how broken you are  
You've lost your way but hope is not gone  
Because the sun always sets, the moon always falls  
It feels like the end, just pay no mind at all  
Keep rolling, rolling, life must go on, ooh  
Do you remember and long for the past?  
When love was eternal and joy seemed to last  
Yesterday, forever is gone  
Because the sun always sets, the moon always falls  
It feels like the end, just pay no mind at all  
Keep rolling, rolling, life must go on  
It must go on  
We have our misfortunes, the darkest of days  
But we must endure and keep strong  
Just look to the morning, the promise awaits  
And know that this life must go on, on  
And the sun always sets, the moon always falls  
It feels like the end, just pay no mind at all  
Keep rolling, rolling, life must go on  
And the sun always sets, the moon always falls  
It feels like the end, just pay no mind at all  
Keep rolling, I keep rolling, life must go on  
It must go on  
Life must go on, life must go on  
When you're feeling alright  
So you keep rolling on, keep rolling on  
With your heart by your side  
Life must go on, life must go on  
So you keep rolling on, keep rolling on
