

Whenever You're Near Me (US Album Version)

Ace of Base

Whenever you're near me
I give you everything I have
Someone to believe in
When things are good and when they're bad
You know how to please me
Ooh, like nobody can
Someone to believe in
Be my love and be my friend When every race is run and the day is closing in
I feel the need to hold you
Let the night begin
Come softly to me
Show me why Whenever you're near me
I give you everything I have
Someone to believe in
When things are good and when they're bad
You know how to please me
Ooh, like nobody can
Someone to believe in
Be my love and be my friend I cannot wait to feel
The beating of your heart
The days are long
They're just keeping us apart
Come softly to me
Show me why Whenever you're near me
I give you everything I have
Someone to believe in
When things are good and when they're bad
You know how to please me
Ooh, like nobody can
Someone to believe in
Be my love and be my friend Whenever you're near me Love is the reason
We can feel this way inside
Oh oh
Turning the world around and making us wild
Love is the music
Beating in our hearts tonight
Oh oh, lighting the way
To take us deeper inside Whenever you're, whenever you're near me
I give you everything I have

Someone to believe in
When things are good and when they're bad
You know how to please me
Ooh, like nobody can
Someone to believe in
Be my love and be my friend Whenever you're near me
Someone to believe in
When things are good and when they're bad
You know how to please me
Someone to believe in
Be my love and be my friend Whenever you're near me
