Boy

Hundred Reasons

When I have once or twice
Thought I lived my life .. for
Oh oh I'll wake up in a thousand years
With every ghost I'm looking through
I was a cold, cold boy
Hey! Oh when I lie with you
But when I go back through
I I
When it's gone and you hope
That your mind's made up anekatips

Oh I wake up twenty thousand years
With every ghost of what I knew
I was a cold, cold boy
Hey! oh when I lie with you
But when I go back you
I I
I was a cold, cold boy
Hey! Oh when I say to you
When I go back through
I I
