

# Boy

## Hundred Reasons

When I have once or twice  
Thought I lived my life .. for  
Oh oh I'll wake up in a thousand years  
With every ghost I'm looking through

I was a cold, cold boy  
Hey! Oh when I lie with you  
But when I go back through

I ..... I

When it's gone and you hope  
That your mind's made up anekatips

Oh I wake up twenty thousand years  
With every ghost of what I knew

I was a cold, cold boy  
Hey! oh when I lie with you  
But when I go back you

I ..... I

I was a cold, cold boy  
Hey! Oh when I say to you  
When I go back through

I ..... I
