Homesick

PillowTalk & Thugfucker

I don't wanna live like this no more
Take me to the place we were before
Now I feel like running away
Did I really need you to stay?
I can't live like this inside my mind
And you can be the end of time
Now I'm hearing I'm all alone
With no place to call my own Now you're leaving me all alone
Left me with all outside my home
I could never do that to you
Everything would be untrue
So now you wanna take it away
And you wanna give it away
Now you're leaving me all alone
Without my heart my head is gone
Now I feel like running away
Did I really need you to stay?
I can't live like this inside my mind
And you can be the end of time
Now I'm hearing I'm all alone
With no place to call my ownI don't wanna live like this no more
Take me to the place we were before
Now I feel like running away
Did I really need you to stay?
Now you're leaving me all alone
Now you're leaving me all alone
Now you're leaving me all alone
With all outside my home
