Believe In Me (ESC-2013 United Kingdom)

[Bonnie Tyler](#)

You say you dont believe in signs from up above
And you laugh at the thought of putting your faith in stuff like love
You never see the rainbow, you just curse the rain, you say
You wanna believe but its just not worth the pain todayBut thats all fine if thats how you want it to be
But if youre feeling alone and afraid and you cant breatheBelieve in me, yeah
Believe in me, yeahBelieve in the way I look at you and stand beside you
The way I speak the truth, Id never lie to you
If youd just believe in the things that your eyes cant see
Believe in meYou come and you go and theres never no compromise, thats why
The seconds and the minutes of your life go crawling byBut thats all fine if thats how you want it to be
But if youre feeling alone and afraid and you cant breatheBelieve in me, yeah
Believe in the way I look at you and stand beside you
The way I speak the truth, Id never lie to you
If youd just believe in the things that your eyes cant see
Believe in meWhat ya gonna do when your ship is sinking?
And youre crying out for help and just the seagulls listening
In the dark of the night, in the middle of the fight
When youre reaching out for something and theres nothingBelieve in me, yeah
Believe in the way I look at you and stand beside you
The way I speak the truth, Id never lie to you
If youd just believe in the things that your eyes cant see
Believe in me
