

Chilosa

Prima J

Got the hot and spicy flavor, won't you come and get it?
Not your ordinary chick, yeah we independent
Chilosa, Chilosa, Chilosa, Chilosa
Know we get loud, know we scream and shout
Hell we gonna turn it up then we turn it out
'Cause we're Chilosa, Chilosa, Chilosa, Chilosa
Downtown cruising in my G35
Got my jeans hanging low, they're fittin' on me just right
My girls rollin' out about to make your night
Check
Got my fingers blinging
Check
Got the celly ringing
Lips are shining, keep my game so tight
Bumpin' through the streets, 'bout to blow your mind
What you know about a mami with some curves this fine
Check
Got the speakers blowin'
Check
Got the speakers blowin'
Feelings you know that we keep it real
No time to hold back girl, let's go
Got the hot and spicy flavor, won't you come and get it?
Not your ordinary chick, yeah we independent
Chilosa, Chilosa, Chilosa, Chilosa
Know we get loud, know we scream and shout
Hell, we gonna turn it up then we turn it out
'Cause we're Chilosa, Chilosa, Chilosa, Chilosa
Round the clock know I gotta keep my nails hot
I be smellin' all good, keep them boys on lock
Don't hate 'cause I won't stop till I'm on top
Check
Got my fingers blinging
Check
Got the celly ringing
24/7 yo we celebratin'
Come original never immitatin'
Can never get enough
'Cause we got ya cravin'

Check
Got the speakers blowin'
Check
Got the speakers blowin'
Feelings you know that we keep it real
No time to hold back girl, let's go
Got the hot and spicy flavor, won't you come and get it?
Not your ordinary chick, yeah we independent
Chilosa, Chilosa, Chilosa, Chilosa
Know we get loud, know we scream and shout
Hell we gonna turn it up then we turn it out
'Cause we're Chilosa, Chilosa, Chilosa, Chilosa
I'm Chilosa, ven y toma
I'm Chilosa, ven y toma
So come and get it baby, come my way
I can make it hot any time of the day
I'm Chilosa, ven y toma
I'm Chilosa, ven y toma
Muy Caliente, yeah we got that vibe
Chilosa work it out, make the boys go wild, oh
Feelings you know that we keep it real
No time to hold back girl, let's go
Got the hot and spicy flavor, won't you come and get it?
Not your ordinary chick, yeah we independent
Chilosa, Chilosa, Chilosa, Chilosa
Know we get loud, know we scream and shout
Hell we gonna turn it up then we turn it out
'Cause we're Chilosa, Chilosa, Chilosa, Chilosa
