

Back to Life, Back to Reality

En Vogue

Back to life, back to reality
Back to life, back to reality
Back to life, back to reality
Back to the here and now yeah
Show me how, decide what you want from me
Tell me maybe I could be there for you However do you want me,
However do you need me
How, however do you want me,
However do you need me.
However do you want me,
However do you need me
How, however do you want me,
However do you need me. Back to life, back to the present time,
Back from a fantasy yeah
Tell me now, take the initiative
I'll leave it in your hands until you're ready oh However do you want me,
However do you need me
How, however do you want me
However do you need me,
However do you want me
However do you need me
How, however do you want me
However do you need me However do you need me
However do you need me
However do you need me
However do you need me I live at the top of the block,
No more room for trouble or fuss
Need a change, a positive change look
Look it's me writing on the wall
However do you want
However do you Back to life, back to the day we have
Let's end this foolish game
Hear me out, don't let me waste away
Make up your mind so I know where I stand
