Avantage

Project Theory

(VERSE 1)
Fight me back if you can nothing's gonna stop me
Do you think that your words really gonna hurt me
Here I am once again rocking on my style
You can try but you won't, the altitude is high, nowOver and over, all the same and the same
But now I know you want it but it's hard to find the fame
As long as you try to catch me I will seem so far away
You made your move now it's my turn to play(CHORUS) (x2)
Stop me, you can't cause I'm higher
Nothing, in the world now can bring me down
Catch me, I swear that I'm happy
And I feel, like I am the only one(VERSE 2)
Second chance, prove me wrong, anything to say?
I'm not a prophet but I see that you will fail
Hold on tight while you fight to find your strength
And as I'm rolling you are trying to catch your breath
I'm not the same I have a difference, a persistence
You want the fame that's why I always keep my distance
I'm progression, I'm style assimilation
So stay where you are while I keep the separation(CHORUS) (x2)
Stop me, you can't cause I'm higher
Nothing, in the world now can bring me down
Catch me, I swear that I'm happy
And I feel, like I am the only one(BRIDGE)
Take it back, I don't need anything, I'm done with it
After all, you were wrong, now I enjoy the way you fall(x8)(CHORUS) (x2)
Stop me, you can't cause I'm higher
Nothing, in the world now can bring me down
Catch me, I swear that I'm happy
And I feel, like I am the only one
