

# Cry Wolf

## Brutophilia

You couldn't wait for answers  
You just had to try those wings  
And all your happy-ever-afters  
They didn't mean a thing  
So I'm not gonna try at all  
To keep you from the flame  
Just remember not to call my name  
When you cry wolf  
Once too often  
You cry wolf  
No, I won't come knockin'  
You cry wolf  
I won't hear you anymore  
If you start to stumble  
If you start to crack  
If you're feeling humble  
Don't look back  
When you cry wolf  
Once too often  
You cry wolf  
No, I won't come knockin'  
You cry wolf  
I won't hear you anymore  
You can try but you can't get me into the fire  
'Cause I'm all out of sympathy  
And, baby, I can't walk this wire  
Find yourself somebody new  
To catch you when you fall  
'Cause I got just one thing to say to you  
And, baby, that's all  
When you cry wolf  
Once too often  
You cry wolf  
No, I won't come knockin'  
You cry wolf  
I won't hear you  
You cry wolf  
Well, once too often  
You cry wolf

No, I won't come knockin'  
You cry wolf  
I won't see you  
So you cry wolf  
Once too often  
Cry wolf  
On no, I won't come knockin'  
If you cry wolf  
I won't see you  
'Cause you cried wolf
