

# Where My Money (i Need That)

[Rick Ross](#)

Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast  
Where my money?  
Never try me like a thug, if you do you betta duck  
I'ma hit 'em in his body, somebody patchin' you up  
I'ma bust a nigga head, somebody wrappin' you up  
When I ask you for ma shit, nigga am I askin' too much?  
Ridin' dirty in ma Seven deuce  
It's dirty, you can tell tha truth  
I'm dirtier than a reverend fighting Internal Revenue  
I'ma get mine, you can call me Uncle Sam  
Used ya for your services and I don't give a damn  
Slap Bush with ma stash, all these taxes and this cash  
Got these bitches got this sellin' hash homicide for tha cash  
Homicide for tha cash, ridin' around gunnin' mass  
Summertime, son of Sam, Triple C gon' gun you down  
Twenty birds on this surb, posted up on tha curb  
Got a lotta pistol game, so we at ya A-Day  
If you owe me a dime, boy, you better give me mine  
'Cuz I'm pullin' ma nine with one thing that's on ma mind  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast  
Where my money?  
Still waitin' on tha call, homie 'posed to be my dawg  
It done been more then a week, he caught himself runnin' off  
Yeah, he bought two but I fronted anotha three  
But I'ma get him marked off fo' less than a quarter key

Yeah, I broke him off, now I gotta break him off  
He think he usin' his head, I gotta take it off  
Therefore I losin' his head and then I'm takin' off  
Mashin' in the Grand National, won't break it off  
Lemme break it down, I see fifty off a chicken

Every time I break it down, bad little bitches shake it  
When they break it down, lemme break it down  
I broke it down to tha smallest slab  
Cut 'em so fat, I got the fiends callin' cabs  
I'm out here for my stacks, I'm out here for my stacks  
From the side of the bridge, you gotta cross the tracks  
Dade County D Boyz at yo' front door  
Three in tha mornin' and ya know what we knockin' fo'  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast  
Where my money?  
I'm like a professor, I weigh and I measure  
Triple beam on tha dresser, couldn't be fresher  
Cookin's my pleasure, cookies my treasure  
Hustle couldn't be better, muscle you couldn't measure  
Niggas feelin' tha pressure, pressure, they bust pipes  
I'm cool with your bitch, your bitch fuck nice  
See I need that, fly hoes on my C  
See I need that, my hoes will gimme anythin'  
Grindin' back in Savannah, climbin' back through Atlanta  
Shoot the makin', see what shakin'  
My shit white as Miss Vanna  
It's Rick Ross, Rolls Royce when I floss  
I'ma big boss and I neva took a loss  
See I need that, see I need that  
I might of took a loss but it wasn't like that  
So I'm back on my grizzle, got the streets on sizzle  
It's Ricky Rizzle, the rich nizzle, tha rich nizzle, now bitch  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? I need, I need, I need cash  
Where my money? You don't wanna be the one I blast, bro

Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast, bro  
Where my money? You don't wanna be the one I blast  
Where my money?
