

A Taste of Silver

Until The Ribbon Breaks

Oh I think about a woman
I just want you you you
I just want you What a pleasure to have let you
In a world as cold as this
What a heartbreak, what a sadness
What a tragedy in your kiss If you've had a taste of silver
Then the pennies won't do
If you're craving something more
Than what's been given to you I just want you
I just want you
I just want you
When you've had a taste of silver
Then the pennies won't do There's a jewel in the crown
There's a rose in the weeds
I will not beg for what I want
And I will ask for what I need If you've had a taste of silver
Then the pennies won't do
If you're craving something more
Than what's been given to you I just want you
I just want you
I just want you (yes I do)
When you've had a taste of silver
Then the pennies won't do If you're craving something more
Than what's been given to you I just want you (yes I do)
I just want you, I just want you
I just want you (yes I do)
When you've had a taste of silver
Then the pennies won't do
