Monkeys

John McCutcheon

Monkeys
Watch out for them monkeys
Those crazy big guys drinking in the morning downtown
Monkeys
Watch out for them monkeys
They'll knock you right up off your feet
Onto the ground
They'll take pleasure being hormonally insane
They'll find solace knocking you right upside the brainMonkeys
Watch out for them monkeys
Those crazy big guys always drinking downtown
Monkeys
Watch out for them monkeys
They'll knock you right up off your feet
Onto the ground
They'll find solace being hormonally insane
They'll take pleasure knocking you right upside the brainMonkeys
Watch out for them monkeys
Those crazy big guys drinking in the morning downtown
Monkeys
Watch out for them monkeys
They'll knock you right up off your feet
Onto the ground
