

Welcome to the Jungle

Neon Jungle

Tonight I'll hunt you down
Boy can you make me growl with the wild things on the prowl
Welcome to the jungle
Welcome to the jungle
Welcome to the (Jungle)La la la la la la
La di da di hands on my body
La la la la la oh just love me down
La la la la la la
La di da di hands on my body
La la la la la oh just love me downSitting boy hit me up at a bar
Dark and smooth like a jaguar
Ask one time and I'll make you my star
And you know you want to
If you wanna get deep in the club
Must ruffle up give me that jungle love
Only one winner one bad man time
And I know I want youTonight I'll hunt you down
Boy can you make me growl with the wild things on the prowl
Welcome to the jungle
Welcome to the jungle
Welcome to the (Jungle)La la la la la la
La di da di hands on my body
La la la la la oh just love me down
La la la la la la
La di da di hands on my body
La la la la la oh just love me downWhen you hungry then I'll be your cow
Come now help me make the kitty cat purr
Top of the food chain, top of the world
And you know you want to
On your toes unpredictable
One on one, done wild animal
Instinct kicks in I can't control
And you know I want youWelcome to the jungle
Be hot like Rocky no A\$AP
Got game like A-Trak
You want that, I stay strapped
You not down, don't say that
Super faded, ready gone
She super bad, hardly wrong

Do your dust while they play my song
Excuse me shorty, you o-o-owned
Too trilled? Then I'm sorry
Got two seats in this 'Rari
For this pussy popping safari
So fuck, let's party
It's two cliques, one crew
Tutus in my two coupes
Girl do you, but let me tooWelcome to the jungle
Welcome to the jungleTonight I'll hunt you down
Boy can you make me growl with the wild things on the prowl
Welcome to the jungle
