

My Foolish Heart

Paula Abdul

Wishing, dreaming
What a fool, wishing
Come on, come on
Here we go
Love song number 9
With a vengeance

Maybe tomorrow
Maybe never
One day you
Might keep a promise
Tell me I see you
But then baby where are you
I just don't know how I'm
Still in love with you
What you do
I haven't got a clue
I wish you could tell me
Why, my

Foolish heart (baby)
'S got me into (oh my)
Foolish heart
'S got me into love again
(oh my)
Foolish heart (made me)
It made me love you
(Love you)
My foolish
My foolish heart

Maybe I'm wishing
Maybe I'm dreaming
For the way I used
To feel 'bout love
But I'm tired of dreaming
It's you I'm needing
I just don't know how I'm
Still in love with you

What you do
I haven't got a clue
I wish you could tell me
Why, my

Foolish heart (baby)
'S got me into (oh my)
Foolish heart
'S got me into love again
(oh my)
Foolish heart (made me)
It made me love you
(Love you)
My foolish
My foolish heart

Maybe I'm wishing
Maybe I'm dreaming
For the way I used
To feel 'bout love
But I'm tired of dreaming
It's you I'm needing
I just don't know how I'm
Still in love with you
What you do
I haven't got a clue
I wish you could tell me
Why, my...

Foolish heart (baby)
'S got me into (oh my)
Foolish heart
'S got me into love again
(oh my)
Foolish heart (made me)
It made me love you
(Love you)
My foolish
My foolish heart

Foolish heart (baby)
'S got me into (oh my)
Foolish heart
'S got me into love again
(oh my)

Foolish heart (made me)
It made me love you
(Love you)
My foolish
My foolish heart

Maybe I'm a fool to love ya
It really ain't cool
To show ya
But what can I do but give
You all my heart
I really don't need a reason
Ooh boy what I'm feeling
You made me love you
My foolish heart

Foolish heart (baby)
'S got me into (oh my)
Foolish heart
'S got me into love again
(oh my)
Foolish heart (made me)
It made me love you
(Love you)
My foolish
My foolish heart
