

Introduction to the...

The (International) Noise Conspiracy

Let's present to you this old friend of mine
We've been working together for a long time
Let's present to you this old friend of mine
We've been working together for a long time
Do you wanna know what all this screaming is about
Do you wanna know what all this writing is about
Do you wanna know what all this singing is about
Just tell me come on
Do you wanna know what all this screaming is about
Do you wanna know what all this writing is about
Do you wanna know what all this singing is about
Come on, just hear me, come on
Over and over again let's present to you
The black mask, my best friend, hey
Over and over again let's present to you
The black mask, my best friend, hey
Over and over again let's present to you
The black mask, my best friend, hey
Over and over again let's present to you
The black mask
Put it on baby, this mask against our skin
There's no way, we can't win
Put it on honey, feel the fabric
It feels so sweet
Over and over again let's present to you
The black mask, my best friend, hey
Over and over again let's present to you
The black mask, my best friend, hey
Over and over again let's present to you
The black mask, my best friend, hey
Over and over again let's present to you
The black mask
