Dyna-Mite

MUD

Nobody knew her name, she turned up just the same
There was a knock on the door, a bump on the floor
And the party turned insane
She called out her nameThen she walked in looking like dynamite
She said now come along boogaloo through the night
And by the way she's moving well dynamite
Light you up with all she's got
She's got the whole town lighting up dynamite
Nobody quite knows what to do wrong or right
But they all know Dyna is dynamite and they're rightShe hadn't been there long
When she told us where she came from
There was a flash in the sky, a light in her eye
And the dynamite light burned onAs the music went on and on and on and on
And on and on and on and on and onThen she walked in looking like dynamite
She said now come along boogaloo through the night
And by the way she's moving well dynamite
Light you up with all she's got
She's got the whole town lighting up dynamite
Nobody quite knows what to do wrong or right
But they all know Dyna is dynamite and they're rightThen she walked in looking like dynamite
She said now come along boogaloo through the night
And by the way she's moving well dynamite
Light you up with all she's got
She's got the whole town lighting up dynamite
Nobody quite knows what to do wrong or right
But they all know Dyna is dynamite and they're rightThen she walked in looking like dynamite
She said now come along boogaloo through the night
And by the way she's moving well dynamite
Light you up with all she's got
She's got the whole town lighting up dynamite
Nobody quite knows what to do wrong or right
But they all know Dyna is dynamite and they're rightThen she walked in looking like dynamite
She said now come along boogaloo through the night
And by the way she's moving well dynamite
Light you up with all she's got
She's got the whole town lighting up dynamite
Nobody quite knows what to do wrong or right
But they all know Dyna is dynamite and they're right
