Spanish Song

Ryan Cabrera

How bout we start all over
And change our lives for good
Can we make this last forever now
Well we'll make it I know we would
If I could only take back that day now
And wash all those feelings away
So far away now
So far away from you
Youuu...are so beautiful to me
I can't even help myself
I can't breath until you know that
You are the one
Your the only one I want
You are the one that I dream of
Don't you know that
You can see now
You mean everything to me
Yeah you do
You are the one that I dream of
The only one I need
The only one I need
The only one I need now...la la la...yeah, yeah yeah
Oh how about we take our time now
Don't push me out the door
I just can't live thinking
We will never love
If our love is not for sure
Why can't you believe me when I say
I'm sorry for the way
I hurt you, I'm sorry
You are so beautiful to me
I can't even help myself

I can't breath until you know that
Youu are the one
Your the only one I want
You are the one that I dream of
Don't you know that
You can see now

You mean everything to me
Yeah you do
You are the one that I dream of
The only one I need
The only one I need
The only I need now la, la la, yeah yeah yeah
(Instrumental)
You are so beautiful to me
I can't even help myself
I can't breath until you know that
I can't even help my self
I can't breath until you know that
You are the one
Your the only one I want
(Only one I want)
You are the one that I dream of
(I dream of)
Don't you know that
You can see now you mean everything to me
(Everything to me)
(Yeah ya do)
You are the one
That I dream of
The only one I need
