

Survivor

Helena Paparizou

(I, I, I'll survive)
(I, I, I'll survive)Seven days and seven nights
You left me on my own
And gave me time to analyze
Why others hanging onYou lock me out (you always do)
Then come around (I'll survive)
Your love would be the given kind (ooh)
No, not this timeJust call me a survivor
Have to be a fighter
Gotta let you go, let you go
Just call me a survivor
Such a strong desire
Gotta let you go, let you goAsk me for a second chance
How many is there now? (dah dah dah dah)
If I want to live again
I have to turn you downYou lock me out (you always do)
Then come aroundJust call me a survivor
Have to be a fighter
Gotta let you go, let you go
Just call me a survivor
Such a strong desire
Gotta let you go, let you goJust call me a survivor
Beautiful but fire
Gotta let you go, let you go
Just call me a survivor
Such a strong desire
Gotta let it go, let it goSo many times I would stop
Ignore the instinct to run
Not happening baby, no
Not into love suicide
My heart is way to much proud
to let your break it (ooh)(Gotta let you go, let you go)
Just call me a survivor (just call me a survivor)
Such a strong desire
(Gotta let you go, let you go)Just call me a survivor (I have survived before)
Beautiful but fire (I have survived before)
Gotta let you go (ooh), let you go (ooh)
I'm a survivor
Just call me a survivor

Such a strong desire
Gotta let it go, let it go I'm gonna survive
