Rain

Donna Cruz

Rain gently falls whenever we say goodnight
Falling like when your out of sight
Rain follows me even in my bed
And rain is the tears that I shed

Chorus:
There'll be no sunshine in my life
Untill you say your mine oh mine
There'll be no summer, spring or fall
Each day is like winter time
But I can never say I care
I know it won't be smart
Somebody owns your heart
It can never be mine

Verse II
So it rains when your near
Knowing we can't even touch
Rain knows that I love you so much
But I know that my love
Will only cause you pain
So I'd rather live with the rain

(Repeat chorus twice)

Somebody owns your heart
It can never be mine
