

# Squaring the Circle

## Aarni

The first matter,  
The salt of salts,  
Celestial water dissolves  
The subtlest fluid sustains  
The burning of sulphur.Squaring the circle,  
Spirit and matterDriving the triumphal charlot,  
Scattering treasures for the world  
Blackening to become whitened,  
Transmutation accomplished.Squaring the circle,  
Zero equals twoAliquem alium internum, quadratura circuli  
The blood of the lion, the eagle's tears,  
Result in the stone of millions of years.Squaring the circle, solve et coagulaOmne superius sicut inferius
