Putting It Back Together

Magna Carta

If I asked you, could you tell me
just what makes our world go 'round
we've been through so many changes
seen our fortunes on the groundcatch my eye and I could show you
where I think we've been 'til now
almost done but getting on somehow
putting it back togetherlisten to me catch the meaning
of the words that slip away
we are weary, only doubting
all that people do and say
we can make it like no other
give you wings so you can fly
help me find our way together try
putting it back togethertimes are restless ever changing
no one seems to get away
if you're looking for a next time
chances are it was today
catch my eye and I could show you
where I think we've been 'til now
almost done but getting on somehow
putting it back together justputting it back together
putting it back together
putting it back together
