

Adrenaline

Bridge to Grace

Take some time to push it
Take some time to hate
Never take a second of bullshit
Make them come at you straight
Some of the catch you Runing
Coming from the fashion in fate
Everybody has a purpose
Something that cant deviate Feel the Adrenaline
Keep coming back again
Feel the Resilience
I'am turning Dead less
Feed me Adrenaline
Maybe i can see the colors
Changing my invisible face
I can feel you hold me under
Nobody can feel the pain
Coming just a little closer
Let me feel the breath on me
I tie you up for a reason
There's someone now always me Feel the Adrenaline
Keep coming back again
Feel the Resilience
I'am turning Dead less
Feel the Adrenaline
Adrenaline
Feel the Adrenaline
Keep coming back again
Feel the Resilience
I'am turning Dead less
Feel the Adrenaline
Feel the Adrenaline
