

Wish Upon a Christmas Time

Nativity 3 Cast

(One child sings at a time)

Everybody needs a wish at Christmas time, itâ€™s true.

Some are for the ones we love, and some because weâ€™re blue.

When the sky is dark and there are no stars up above,

Then you have to find a way to fill your heart with love.

Have a little faith, light a little light,

Everyone is going to have their wish tonight.

Just close your eyes and count to three, find yourself believing!

(All sing)

Hear my song of love,

Heaven sent from up above,

And follow every starlight,

Let them light the dark night,

Wish upon a Christmas time.

Follow every starlight, let them light the dark night! Wish upon a Christmas time!

Take this light of mine.

(O o o oh)

Lead me to a hope divine.

(O o o oh)

And though the stars are faded, never mind the changes, wish upon a Christmas time.

Though the stars are faded, never mind the changes, wish upon a Christmas time.

(Oooo ooooo ooooh)
