All Of The Ways

Interpol

Tell me you're mine
Tell me you're mine to break the ice
Does he make you smile?
Does he fully embrace the way
Does he leave you to the flames
That you like, who is this guy?
This twee neophyte
Does he know that I'll wait for all time
Does he make you right
Does he say that he'd like to know you
Does he say that he wants to know
All of the ways
You will make it up
Make it up for me
Make it up for me
Tell me you're fine
Tell me it's hard to fake it time after time
Who is this guy
Does he say that he'd like to know you
Does he say that he wants to know
Does he say that he wants to know
All of the ways
You will make it up
Make it up for me
Make it up for me
All of the ways
You will make it up
Make it up for me
Make it up for me
I know the way you will make it up
Make it up for me
I know the way you will make it up
Make it up for me
I know and I know the way you will make it up
Make it up for me
I know and I know the way you will make it up
Make it up for me
